FOREWORD

PRESBYTERIAN JUNIOR COLLEGE FOR MEN herewith presents its catalogue for the consideration of prospective students and patrons. A list of the faculty, courses of instruction, requirements for graduation, expenses and other valuable information will be found in its pages.

Special attention is called to the following features: **FIRST**, the high scholarship of the faculty. **SECOND**, the liberal arrangement of the courses of instruction by which a student may take two years of Standard College work, or if he desires, may arrange an elective course. **THIRD**, the moderate charges covering all college expenses. **FOURTH**, the opportunity afforded high school students to take two years of their high school training with library and laboratory facilities of college grade at their disposal and, as their instructors, a faculty of superior scholarship.

All standard requirements for Junior College work, according to the North Carolina Association of Schools and Colleges, are fully met. The Faculty, which is the most important factor, has the hearty approval of the accrediting agency and every member has demonstrated his ability as a successful instructor.

Presbyterian Junior College offers its services to the Church and State on its merits as a Christian educational institution. The highest and best interest of its patrons and students will be its chief concern at all times.

College Calendar

1930

- September 9, Tuesday, 8:00 p. m.—Faculty Meeting.
 September 10, Wednesday—Registration of Students.
 September 11, Thursday, 8:30 a. m.—First Day of Class Work.
 September 13, Saturday, 8:00 p. m.—Reception to New Students by Y. M. C. A.
 November 27, Thursday—Thanksgiving.
 December 19, Friday, 1:00 p. m.—Christmas Vacation Begins.

1931

- January 2, Friday, 10:30 a. m.—Chapel. College Reopens.
 January 16, Friday—Mid-year Examinations Begin.
 January 24, Saturday—Mid-year Examinations Close.
 January 25, Sunday—Second Semester Begins.
 February 21, Saturday—Founders Day.
 May 22, Friday—Final Examinations Begin.
 May 30, Saturday—Final Examinations Close.
-

Commencement Exercises

- May 31, Sunday, 11:00 a. m. Baccalaureate Sermon.
 May 31, Sunday, 8:00 p. m.—Annual Sermon Before Y. M. C. A.
 June 1, Monday, 10:30 a. m.—Meeting of Board of Trustees.
 June 1, Monday, 8:00 p. m.—Commencement Play by Students.
 June 2, Tuesday, 11:00 a. m.—Annual Literary Address. Award of Trophies and Medals. Graduation Exercises. Announcements.

M., Johns Hopkins University; Professor of Philosophy and Greek, Carson & Newman College, 1917-1920; Professor of Philosophy and Political Science, Washington College, 1920-1921; Professor French, Bessie Tift College, 1921-1922 (Fall Semester); Assistant Professor of History and Political Science, Howard College, 1924-1929; Presbyterian Junior College, 1930.

V. A. Sydenstricker, A. B., M. A., Assistant Professor of Bible and English.

A. B., Presbyterian College, 1924; University of Virginia, 1927; M. A., George Washington University, 1929; Instructor City High Schools and advanced graduate work George Washington University, 1929-1930.

George Patrick Henderson, B. S., Director Physical Education.

B. S., Davidson College, 1930.

FRESHMAN CLASS

A CORNER OF THE INFIRMARY

Presbyterian Junior College for Men

HISTORY

On September 28, 1927, the Trustees of the Elise High School presented an overture to the Presbytery of Fayetteville, asking for authority to set in motion an effort to establish a Junior College in connection with that institution. Subsequent events indicate that this was but the crystallization of a general feeling that there was a real need in this part of the Lord's vineyard for such an institution. The Presbytery gave its hearty approval of the idea contained in the overture in the following resolution: "That we recognize the need of a Junior College (for men) and recommend that such an institution be established as soon as possible." A committee of five was appointed to investigate the whole question as to cost, location and the possibility of securing the co-operation of other Presbyteries in the enterprise. A similar committee was appointed by Mecklenburg Presbytery.

These committees held a two-day joint conference studying the whole question and visiting the prospective locations for the proposed school. In their report they endorsed the plan to establish a Junior College for men, recommended that an offer from the owners of the Carolina College property at Maxton be accepted and the institution located there, and called for a joint meeting of their respective Presbyteries to hear and study the report.

The two Presbyteries met in joint session in the auditorium of the Carolina College, Maxton, November 29, 1927. After a careful consideration of the report of the committee, the following resolution was adopted: "Resolved, That this joint conference of the Presbyteries of Fayetteville and Mecklenburg, recommend to the Synod of North Carolina the establishment of a Junior College for Men, and that Synod accept the generous offer of the Methodist Conference of North Carolina of the Carolina College property at Maxton for that purpose."

The Synod of North Carolina met in special session in the auditorium of the Carolina College on February 21, 1928, to consider these recommendations. After a full discussion of the whole question the following resolution was adopted: "That it is the sense of this body that the Synod of North Carolina should establish within its bounds a Junior College for Men." The offer of the Methodist Conference of North Carolina was accepted and the following resolution creating the Presbyterian Junior College for Men was adopted:

NOW THEREFORE, be it resolved:

First: That the said Synod of North Carolina, now in special session in Carolina College auditorium, Maxton, N. C., on this 21st day of February, 1928, in response to said call, and said call having been found in due form, and notice of same having been mailed more than fifteen days prior to this date, does hereby accept the offer of the Trustees of Carolina College to transfer their plant in the town of Maxton to such corporate body as may be hereinafter named and provided for, upon the payment of

the sum of approximately \$35,000, said property to be used and operated as a Junior College for men, under the beneficial ownership and control of the Synod of North Carolina, Presbyterian Church in the United States, it being understood that said plant consists of about 18½ acres of land upon which is located an administration building, dormitory, president's home and other smaller buildings, together with all equipment as scheduled in their inventory; that a Board of Trustees consisting of 18 members, one Trustee from each Presbytery and nine Trustees at large, shall be elected at this meeting; that said Trustees shall be divided into three classes, whose terms shall expire as follows: Six in the fall of 1929; six in the fall of 1930, and six in the fall of 1931; and all vacancies in the Board of Trustees caused by expiration of terms, resignation or otherwise, shall be filled by the Synod; that said Trustees, when elected, are hereby authorized, empowered and directed to procure a charter under the laws of the State of North Carolina, for the "Presbyterian Junior College for Men," which shall be the name of the institution, and which shall be owned by the Synod of North Carolina, and controlled by it through the Board of Trustees; that said Trustees shall acquire a good and perfect title to the aforesaid property, without limitations or restrictions, taking title in the name of the Presbyterian Junior College for Men; that said Trustees are further authorized to provide for the payment of the amount necessary to be paid for said property, such funds to be obtained by them in such manner as they may deem expedient, whether by solicitation from individuals, or by negotiating loans upon the property itself as security, and to execute and deliver any and all notes, bonds, deeds of trust or other legal instruments for such sums as may be necessary to complete the transfer of property hereinbefore authorized; that it is contemplated by the Synod, and power and authority are hereby granted to said Trustees to initiate and carry forward plans to the end that a Junior College for Men shall eventually be opened, established and operated at Maxton, under the control of the Synod of North Carolina, which shall be for the glory of God and a blessing to mankind; that said Board of Trustees shall make a written report to the next stated meeting of the Synod."

The College opened for its first session on September 11, 1929, with a faculty of six and a student enrollment of seventy-nine. (Eight additional students enrolled during the year, making the total eighty-seven.) Satisfactory progress has been made during the year in perfecting the organization both in the regular and educational program of the college and the various student activities. Beginning in September without traditions, there has already grown up a vital student consciousness and an atmosphere of established institutional activities. A high scholarship has been maintained from the first and students fully recognize the fact that without thorough work they will not receive college credits. Student government has been successfully inaugurated. A Young Men's Christian Association has become a vital factor in the social and religious life of the campus. The Glee Club and Quartet have won high praise for their excellent programs rendered in churches, religious conferences, service clubs, and at social gatherings, besides two engagements for radio broad-

casting. The Athletic Association has enjoyed good success in football, basketball and baseball, each team having won an enviable record for good sportsmanship and successful effort.

CONTROL

PRESBYTERIAN JUNIOR COLLEGE FOR MEN, INCORPORATED, is the legal name of the institution. It is owned by the Synod of North Carolina, Presbyterian Church of the United States. The governing body is a Board of Eighteen Trustees elected by the Synod and distributed as follows: One from each of the nine Presbyteries and nine "at large."

LOCATION

The College is located in Maxton, N. C. The Seaboard Air Line Railway connecting Charlotte and Wilmington and the Atlantic Coast Line Railway connecting Fayetteville and Columbia, S. C., intersect at Maxton, thus giving the College the benefit of two railway systems. Route No. 20, one of the two famous "from Mountains to Sea" State highways, passes within three hundred yards of the College campus, giving excellent "Bus" connection with Wilmington, Whiteville and Lumberton on the east and with Hamlet, Rockingham, Wadesboro, Monroe, Charlotte, Gastonia, Shelby and Asheville on the west. There is also connection with route No. 70 over route No. 71 by way of Red Springs, and with route No. 24 over route No. 20 by way of Laurinburg. These lead into the central, northwestern and northeastern sections of the State. Through the connections afforded by these two railway systems and the excellent service rendered by these various "Bus" lines, almost any point in the State can be easily reached in from one to five hours.

The College is within forty miles of Pinehurst and Southern Pines and enjoys the same mild climate and open winter season that has made these resorts nationally famous. The soil is of the sandy, porous type and affords perfect sanitation. The water supply is from deep wells and is under the regulations of the State, thus guaranteeing purity. The health conditions are ideal.

Maxton is a town known for its culture and deep religious life. Four denominations are represented by well organized and progressive churches, Presbyterian, Methodist, Baptist and Episcopal. The surrounding country is dotted with active country churches, a number of them employing full time pastors. Flora Macdonald College, an institution famous for its cultural and religious influence, is just twelve miles from the Presbyterian Junior College and connected by a hard-surfaced highway. Laurinburg, a thriving little city of three thousand inhabitants, the county seat of Scotland County, and a center of culture and refinement, is located about six miles from the College. The Presbyterian Junior College is thus happily located in the centre of an environment of enterprise, culture and religious influence.

EQUIPMENT

GROUNDS

The campus of Presbyterian Junior College is spacious and beautiful.

It comprises twenty-five acres, including the athletic field. The front faces on one of the residential streets of Maxton and consists of a smooth, level lawn dotted with a variety of plantings; the back is a wooded park of native dogwood, oak and long-leaf pines, the grounds gradually sloping to a brook of cool clear water. Drainage conditions are well nigh perfect, thus providing for all year round outdoor athletics. The grounds are amply large for all forms of activities.

ATHLETIC FIELD

The athletic field adjoins the College property and contains around ten acres. The soil is of a porous type and well drained, thus affording opportunity for year-round outdoor sports. Fall practice for football begins immediately after the opening date of College under the supervision of the Physical Director. A group of splendid tennis courts near the dormitory will furnish opportunity for outdoor exercises for those who do not play in the other games.

BUILDINGS

ADMINISTRATION HALL—This is a handsome and commodious structure, finished in pressed brick with stone trimmings. It contains the Administrative Offices, a large Reception Room, Library, Reading Room, an Auditorium with a seating capacity of five hundred, two Laboratories, a Study Hall, eight Class rooms, a Chapel for morning exercises, a Book and Supply Room, Dining Room with capacity for one hundred and fifty, Kitchen, Store Room, besides a number of small rooms for offices, consultation rooms and special work. The furniture in these various departments is of superior quality and in accordance with standard requirements. The building is steam heated, lighted with electricity, and supplied with hot and cold water and has ample toilet facilities.

DORMITORY—This is a two story brick structure with fifty bed rooms designed to accommodate two students to each room. A large parlor on the first floor with a big, open fireplace furnishes an ideal lounging room and gives the building a touch of home life. There are shower baths and toilets on both floors. The building is steam heated and lighted with electricity. The rooms are equipped with beds, bureaus, tables, chairs and two closets.

PRESIDENT'S HOME—This is a substantial and comfortable two-story frame building located just off the campus. It is used as a home for the president, the upstairs being so arranged as to be available for students in case of an overflow at the Dormitory.

LIBRARY

The library contains 3,200 volumes of well selected books, and is under the supervision of a competent Librarian who will assist the students in making the best use of the library. It is fully equipped with chairs, tables and shelves. In the reading room will be found a goodly number of the leading dailies, and a variety of the best weekly and monthly magazines and journals.

1929 FOOTBALL TEAM

BASKET BALL TEAM

THE GLEE CLUB

1930 BASEBALL SQUAD

KITCHEN AND DINING ROOM

The kitchen and dining room are located in the basement of the administration building. They are well lighted and comfortable rooms, and fully equipped with modern facilities for preparing and serving attractive meals. An experienced and capable dietitian is in charge, supervising the preparation of the meals and directing the dining room service.

HEALTH

The physical welfare of the students will be given close attention at all times. An infirmary with private bath and other facilities for the best care of the sick is provided, and will be under the supervision of the Matron, who holds a certificate for practical nursing. The College Physician will give close attention to all cases of sickness. If there is any symptom of serious illness, the parents will be notified at once.

RELIGIOUS LIFE

The Presbyterian Junior College holds as its prime aim the development of Christian manhood. In working towards this goal, the harmonious development of the physical, the mental and spiritual faculties will be emphasized in every department of the institution. The faculty has been selected with this purpose in mind and each member is pledged to a sympathetic co-operation in working out this program.

Among the phases of distinctive religious instruction may be mentioned the fact that the Bible is a text-book, and its study is required of all students. Daily chapel service will be conducted by the faculty and all students will attend. Other lines of religious training in Y. M. C. A. work and similar organizations will give the students opportunity for voluntary religious activities and training.

The churches in town are Baptist, Episcopalian, Methodist and Presbyterian. These are served by able and consecrated pastors. Each student is required to attend church each Sabbath. The student will select his own church and will then be required to attend its Sabbath morning services. If he elects, he may visit other churches for the evening services.

EXPENSES

EXPENSES PER QUARTER FOR BOARDING STUDENTS

(Nine Weeks)

| | |
|---|---------|
| Tuition | \$30.00 |
| Board | 45.00 |
| Dormitory, including light, heat, and water | 10.00 |
| Medical Fee | 1.50 |
| Library Fee | 2.50 |
| Contingent Fee | 1.00 |
| Total for the quarter | \$90.00 |

EXPENSES PER QUARTER FOR DAY STUDENTS

| | |
|---------------|---------|
| Tuition | \$30.00 |
|---------------|---------|

Library Fee 2.50

EXTRA FEES PER QUARTER

For each course requiring laboratory\$2.00
 Student Activities Fee\$3.00

Note—The Student Activities Fee is paid by all students and is distributed among the various student organizations as follows: 50 per cent to Athletics, 16 2-3 per cent to Glee Club, 16 2-3 per cent to Y. M. C. A., and 16 2-3 to Publications. The payment of this fee entitles the student to all the benefits of these organizations, including free attendance on all games, concerts, lectures, etc. rendered at the College by any of these organizations.

Candidates for the ministry approved by the proper church authority and sons of ministers will be granted a fifty per cent discount on tuition.

The total charges for the year will be four times the above amounts, or \$360.00 for regular college dues, \$8.00 for a laboratory taken the entire year, and \$12.00 for student activities. These amounts cover all living expenses and educational advantages, except laundry and books. The laundry will vary with each student, but will average about fifty cents per week. Books will also vary according to the course the student takes, but should not amount to more than twenty-five dollars for the year. Each graduate will pay a Diploma Fee of \$5.00.

DAMAGE DEPOSIT

On entering the college each boarding student will be required to deposit a \$5.00 Damage Fee with the College Treasurer. Any damage done to the college property by a student will be charged to his deposit. He will be held strictly responsible for all damages done to the doors, windows, walls or furniture of the room he occupies, and all such damages will be charged to his damage fee. However, if some other student did the damage and it can be shown which student it was, the damages will be charged to his deposit. In case no damage is done, the fee will be returned to the student at the close of the session, or earlier if he should withdraw from the college.

The quarterly payments must be paid in advance. Checks should be made payable to Presbyterian Junior College. For convenience of payment the college year has been divided into four quarters, beginning September 10th, November 12th, January 26th, and March 30th. All bills will be rendered quarterly and must be paid on or before the first of each quarter. Students will not be enrolled in classes until their bills are paid, unless by special arrangement. No student will be given his credits whose financial obligations to the College are not fully paid.

ADMISSION

GENERAL REQUIREMENTS

Application for admission to Presbyterian Junior College should be made on blank furnished by the College, and should bear the signature of the parent or guardian. Applications should be made as early as pos-

sible in order to insure completion of all preliminary arrangements before the student arrives for class assignments. Students who fail to present a health certificate may be required, at the discretion of the College authorities, to take a physical examination, with a view to correcting physical weakness or defect.

The candidate must present satisfactory evidence of good moral character. Only those who are willing to attend all college exercises faithfully, to respect the regulations of the institution cheerfully, and earnestly to engage in the work assigned them should apply for admittance to Presbyterian Junior College. The filing of an application for entrance shall be regarded as both an evidence and a pledge that the candidate accepts these high standards and agrees to abide by them.

Every application must be accompanied by a registration fee of \$5.00. If the student is not accepted, this fee will be returned to him. If he is accepted, it will be credited on the expenses for the first quarter. It will not be returned if the student after being accepted, fails to matriculate, or withdraws from the school during the year.

ADMISSION TO THE ACADEMY

Presbyterian Junior College offers the Tenth and Eleventh grades of standard high school work. An applicant for this department must furnish satisfactory evidence that he has completed sufficient units of high school work to entitle him to enter the Tenth grade. If he is properly prepared, he may enter the fourth year work. A transcript of his previous high school record on a blank to be furnished by Presbyterian Junior College must be returned to the College by the principal or some member of the faculty in the high school from which he comes.

ADMISSION TO THE COLLEGE

Presbyterian Junior College offers two courses of study—a **General College Course** and the **Standard College Course**. The General College Course is designed to meet the needs of students who desire some college training without meeting all the requirements of Standard College work. This course will appeal to men who do not contemplate a four-year college course. Men taking this course will be allowed considerable liberty in arranging their subjects, as indicated under the list of Requirements for Graduation. To enter this course without condition the student must present evidence of graduation from a Standard High School, or of passing State High School College entrance examination for graduates of non-standard high schools.

The Standard College Course covers the Freshman and Sophomore years of regular college work and is designed to prepare the student to enter the Junior Class of a standard four-year college or university. Candidates for the Freshman class in this course must present from the authorities of an accredited high school a minimum of fifteen units as follows: (Figures represent minimum requirements in high school units.)

| A. B. | | B. S. | |

REQUIREMENTS FOR GRADUATION *

I. FROM THE ACADEMY

An Academy (High School) Diploma is given to students who complete, with previous high school record, a minimum of fifteen high school units. Students are advised to confer with the Dean before deciding what subjects to take, in order that they may receive such training as may be necessary to qualify them for their future educational efforts. Those who plan to enter a college should take into consideration the entrance requirements of the college they propose to enter, while those who do not plan to enter college may, with the Dean's approval, select such subjects as they desire. However, in order to graduate, the course taken must satisfy the standard requirements of the North Carolina Department of Public Instruction. Bible will be a required subject of study.

II. FROM THE COLLEGE

A Junior College Diploma with an A. A. or A. S. degree (Associate of Arts, or Associate of Science) is given to students who complete a minimum of sixty-eight semester hours of prescribed college work, subject to the system of credits and merits outlined below. A Junior College Diploma without the A. A. or A. S. degree is given to students who complete a minimum of sixty-eight hours of work, subject to the system of credits and merits outlined below. (A semester hour represents one recitation hour per week for a full semester, or half year of college work.)

| Total 34 | Total 34 or 36 |

The candidates for the General College Course will confer with the Dean regarding their electives and other features of arranging their courses. Certain fundamental standards of education will be kept in mind at all times, and no student will be allowed to graduate from the College with a diploma whose course of study fails to meet these standards. Students desiring to take the General College Course are warned against any disposition to select what may be termed an "easy" course of study. However, any student in this course desiring a special course may submit his case to the faculty, and if approved, will be, upon completion of the work outlined, granted a diploma of graduation, showing the work completed.

(c) Requirements in Merit Points for Graduation

A system of merits and credits, as outlined below, obtains for all college diplomas given at Presbyterian Junior College.

The system of merits is based upon scholastic attainment as follows: For a mark of 90-100, nine merits per course hour are given; for a mark between 80-89, six merits per course hour; for a mark of 70-79, three merits per course hour; for a mark of 60-69, no merits are given and no semester hours credit recorded; but course hours credit is allowed candidates for General College Diploma. Below 60 no credits of any kind are allowed.

For candidates for the prerequisite degrees leading to A. B. and B. S., known as Associate of Arts and Associate of Science respectively, to receive full diploma granting such degree, he must have completed the standard courses prescribed above for such degree with full semester hours credit on all courses, and in addition average six merit points per semester hour for the entire course.

The candidates for full Junior College General College diploma must finish the full requirements for the general college courses, as prescribed above, with course hours credit on all courses, and in addition must average three merits points per course hour for the entire course.

(Stated non-technically, the A. A. and A. S. candidates must make 70 or above on all courses and average 80 to be graduated in full. The General College diploma candidates must make 60 or above on all courses and average 70 to receive a full diploma.) Students in the A. A. and A. S. courses failing to make six merit points but passing all work will be granted General College diplomas, and a transcript of their work furnished the college in which they desire to pursue their higher education. In like manner each student will be able to transfer his credits on all work of passing grade (70) to any institution at any time that he sees fit to do so. However, it is the judgment of Presbyterian Junior College that ordinarily only those who have completed the work required for Junior College diploma in Associate of Arts or Associate of Science have the necessary scholarship for Junior Class work in a Standard College. Presbyterian Junior College therefore will not give unconditional endorsement in scholarship to graduates of this institution for entrance into the Junior Class of a Standard College unless they have completed the work for this diploma.

COURSES OF INSTRUCTION**I.—BIBLE****Professor McLeod**

Believing that a fair knowledge of the Bible is an essential part of an education, without which no man can enjoy the fullest measure of usefulness and happiness, Presbyterian Junior College places Bible Study as one of its required courses of instruction. The Bible itself is the chief textbook.

The Academy

The course will be of a general nature and will attempt to give the student a rapid survey of the historical portions of the Bible, with special emphasis on the life of Christ and the development of the Christian Church, as outlined in the Book of Acts.

The course will be required of all students in this department and will be arranged each year in such a way as to best fit into the work of that year. A credit of one high school unit will be given to students who complete a full year of five recitations per week.

The College**C.1. OLD TESTAMENT HISTORY.**

This course is a careful study of Old Testament history from Genesis through the reign of Solomon. The Bible text and an appropriate syllabus will be the textbooks. Parallel reading and notes will be required.

Three recitations a week throughout the year. Credit six semester hours. Required of all Freshmen.

C.2. OLD AND NEW TESTAMENT HISTORY.

This course will continue the work of the Freshman year and will begin with the divided Kingdom of Israel and go through the period of the New Testament. The Bible will be the textbook, with appropriate syllabus and harmony of the Gospels as guides. Parallel reading and notes will be required.

Three recitations a week throughout the year. Credit six semester hours. Required of all Sophomores.

II.—BUSINESS ADMINISTRATION**Professor Hunter****Professor Key****Professor Matheson**

After a student has satisfied all academic requirements, and upon sufficient demand, the following courses will be offered in Business Administration. The courses are elective for Freshmen in the College Department.

C.1. B.1. ACCOUNTING.

The principles of accounting will be studied and put into practice through actual keeping of sets of simple and typical books.

Three recitations a week throughout the year. Credit six semester hours.

C.1. B.2. GENERAL ECONOMICS.

This course aims to introduce the student to the study of economics. More specifically, it gives a broad view of all the devices and arrangements whereby civilized men make a living. Economic society is studied from the viewpoint of both structure and function. Every effort is made to encourage the student in independent thought with regard to the facts and problems of economic life.

Three hours a week. Credit six hours. Elective.

C.1. B.3. PSYCHOLOGY OF SELLING.

A general survey of psychology as applied to salesmanship and public speaking. Laboratory selling and elemental office practice will be stressed as part of the course.

Three times a week for first semester. Credit three semester hours.

III.—ENGLISH

Professor Matheson

A.1. THIRD YEAR HIGH SCHOOL.

The initial course in English Literature and Composition will comprise Literature and Life Series III, or equivalent, and Standard Composition and rhetoric texts. Periodical themes and parallel reading reports make this a well rounded course both as to form and content.

A.2. FOURTH YEAR HIGH SCHOOL.

A continuation of A.1. with the addition of a rapid review of elemental grammar at the close of the term for students preparing directly for college or business school.

Five recitations a week throughout the year. Credit one unit.

C.1. FRESHMAN CLASS.

The first term is devoted to composition and the study of short prose types. In the second term a chronical survey of American Literature. Parallel reading and practical compositions are assigned periodically throughout both semesters.

Three recitations a week throughout the year. Credit six semester hours. Required of all Freshmen.

C.1. PUBLIC SPEAKING.

During the second semester a practical course in public speaking that comprises laboratory speaking and reports of speeches as well as the psychology and organization of material for public expression.

Three recitations a week during the second semester. Credit three semester hours. Required of all students in Standard College course before graduation. Elective for students in General College course.

C.2. SOPHOMORE CLASS.

A study of English Literature will be offered in 1930-1931, and will be required of all Sophomores. Credit six semester hours

STUDENT COUNCIL

Y. M. C. A. CABINET

HIGH SCHOOL

THE DINING ROOM CREW

IV.—FRENCH LANGUAGE

Professor Hartin

C.O. ELEMENTARY FRENCH.

This course is designed to meet the needs of the student who enters the Freshman class with no high school units in French. It will include a careful study of grammar, composition and simple reading. It will carry no college credit.

C.I. FRESHMAN CLASS.

Intended for students offering two units of French from High School. This course includes reading of Standard French texts and careful reviews of grammar and composition.

Three recitations a week throughout the year. Credit six semester hours.

C.2. SOPHOMORE CLASS.

A more advanced course. Standard French works are read and analyzed as part of class assignment. Offered in 1930-1931.

Three recitations a week throughout the year. Credit six semester hours.

V.—HISTORY

Professor Hunter

A.1. MODERN HISTORY. THIRD YEAR HIGH SCHOOL.

Standard State requirement last year and changed in only a few schools this year. This course will be offered for A.2. (Fourth Year High School) on alternate years until the majority of the State schools change to recommended order.

Five recitations a week throughout the year. Credit one unit.

A.2. AMERICAN HISTORY. FOURTH YEAR HIGH SCHOOL.

Standard requirement for history for State and for entrance into Southern Colleges.

Five recitations a week throughout the year. Credit one unit.

C.1. FRESHMAN CLASS.

History of European and American Commerce and industry. The development of European commerce and industry since the fall of the Roman Empire will comprise the work of the first semester. The work of the second semester will cover the entire field of American industrial and commercial history.

Three recitations a week throughout the year. Credit six semester hours. Elective for Freshmen in General College Course, and under certain conditions for B. S. students in Standard College Course.

C.2. SOPHOMORE CLASS. MODERN EUROPEAN HISTORY.

A general course dealing with the fundamental factors in modern civilization in Europe. Emphasis will be placed upon the Protestant Revolt, colonial and dynastic rivalry, the old Regime and special emphasis will

be placed upon the period from 1815 to the present time. Textbook, readings and reports.

Elective for Freshmen and Sophomores.

C.1. ECONOMICS.

Refer to course listed under Business Administration—Part II.

VI.—LATIN

Professor Hartin

C.O. CICERO'S ORATIONS, VERGIL, GRAMMAR AND COMPOSITION.

This course is designed to meet the needs of students who do not have sufficient Latin for full college entrance. The satisfactory completion of the course admits the student to Latin 1.

Three recitations a week. Credit six hours. To secure credit towards a Standard College diploma, the student will have to complete courses 1 and 2.

C.1. FRESHMAN CLASS.

Cicero's *De Senectute*, selections from Livy and Ovid, and continued drill in grammar and composition.

Three recitations a week throughout the year. Credit six semester hours. Required of all A. B. Freshmen in Standard College Course. Elective for others.

C.2. SOPHOMORE CLASS.

Book one in Horace's "Odes, Satires and Epistles" will be studied along with selections from Cicero and Vergil. A regular period will be devoted to composition as the occasion merits.

Three recitations a week throughout the year. Credit six semester hours. Required of all A. B. Sophomores in the Standard College Course. Elective for others.

VII.—MATHEMATICS

Professor Key

THIRD YEAR HIGH SCHOOL.

Advanced Algebra five hours a week during the first semester. Business arithmetic will be given during the second semester. Credit one unit.

Prerequisite: 1½ units of Algebra.

FOURTH YEAR HIGH SCHOOL.

Plane geometry five hours a week throughout the year. Credit one unit.

FRESHMAN COLLEGE.

College Algebra three hours a week during the first semester. Credit three semester hours. Required of all B. S. and A. B. students.

Prerequisite: Algebra through quadratics.

Trigonometry three hours a week during the second semester. Credit three semester hours. Required of all B. S. and A. B. students.

Prerequisite: College Algebra and plane geometry.

SOPHOMORE COLLEGE.

Analytic geometry three hours a week throughout the year. Credit six semester hours. Required of all B. S. students.

Prerequisite: College algebra and trigonometry.

ELECTIVES

FRESHMAN AND SOPHOMORE.

Solid geometry three hours a week during second semester. Credit one unit or three semester hours.

FRESHMAN AND SOPHOMORE.

General mathematics three hours a week throughout the year. Credit six semester hours.

This course includes the elements of algebra, trigonometry, analytic geometry, and calculus. It presupposes on the part of the student only the minimum entrance requirements in algebra and plane geometry. The course is intended for those students who desire a working knowledge of higher mathematics, but who have only one year to devote to the field of pure mathematics. It is a very desirable course for students who are registered for the General College Course.

ACCOUNTING.

Elective for all students who have satisfied all college or high school requirements. Three hours a week throughout the year. Credit six semester hours.

VIII.—PHYSICAL EDUCATION *

Professor Henderson

A.1. and 2. THIRD AND FOURTH YEAR HIGH SCHOOL.

All students will be required to take a minimum of 120 minutes of Physical Training each week unless members of a varsity squad or excused by the College Physician.

C.1. FRESHMAN CLASS.

Physical Education and Playground Management. This is an elective for three and four year men showing acceptable leadership ability. The principles of corrective exercises, co-ordination drills, and calisthenic systems will be studied. Group games, group organization and playground technic will be included.

Two lectures and four hours a week in gymnasium or field will be required for two semesters. Credit three semester hours.

IX.—SCIENCE

Professor Drinkard

A.2. FOURTH YEAR HIGH SCHOOL.

Chemistry. A course in Chemistry satisfying all college requirements. The ground work of chemical study is taken up and a minimum of thirty-six recorded experiments in permanent form required.

Four recitations a week including laboratory throughout the year. Credit one unit.

* Note. Practical work will be stressed as manager of mass athletic contests in gymnasium and in the field.

A.2. FOURTH YEAR HIGH SCHOOL.

Biology. If enough students ask for it a standard course meeting N. C. State requirements. Notebook and laboratory requirements to exceed State minimum.

Four recitations a week including laboratory throughout the year. Credit one unit.

C.1. FRESHMAN CLASS.

General Inorganic Chemistry. The principles of Inorganic Chemistry are studied and discussed in class and the laboratory. The purpose of the course is to prepare the student for the more advanced study of Chemistry.

Two recitations and two laboratory periods of two hours each a week throughout the year. Credit eight semester hours. Elective for Freshmen in General College Course and B. S. Freshmen in Standard College Course.

C.1. PHYSIOLOGY AND HYGIENE.

(Repeated each semester). A study of the structure, function and care of the human body with a consideration of the individual parts, their functions and relations to each other. The following are studied and emphasized in their relationship to everyday life: Physiology of the blood, circulation, digestion and assimilation, respiration, excretion, the endocrine system, and the nervous system.

Credit two semester hours.

C.1. or 2. GENERAL COLLEGE BIOLOGY.

Study of the fundamental

GENERAL REQUIREMENTS

One of the largest benefits the student receives from his college training is the opportunity afforded him to learn self-control, self-direction and proper regard for the rights of others. All discipline at Presbyterian Junior College is maintained with this fundamental fact in view, and is intended to aid the student in realizing these traits of strong and helpful manhood.

1. Every student is expected to be present for the opening chapel service on Thursday morning, September 11th, at 8:30 o'clock, and to attend all college chapel services, Sabbath morning services at church, and all assignments for class periods and laboratory duty to the close of the session.

The first meal served at the College will be lunch on September 10th.

2. Students are not allowed to take "trips" beyond the College Community without permission from the Dean, or his assistant. Except in cases of emergency or by special arrangement, all requests for leave of absence must have the approval of the parent or guardian before the request will be granted. Frequent "trips" materially hinder the student's educational progress and are therefore strongly discouraged by the College. It is hoped that parents will co-operate by encouraging the student to remain with his college duties.

3. A "study" period is observed each evening after supper, except on the Sabbath. During this period the student is expected to remain in his own room and apply his time to the preparation of his class assignments.

4. Students desiring to borrow books from the Library will report to the Librarian, who will make proper record. Books must be returned, or a new record made, within ten days. Reference books will not be allowed out of the Library.

5. Grading for scholarship record will be upon a scale of 100. The grade will be determined by a combination of daily recitations, monthly tests and final examinations. The passing grade will be 70 for students in the Academy and the Freshman class in college. The passing grade for Sophomores will be 75. Students failing on a subject will be allowed one re-examination on that subject. The student will be charged \$1.00 for each re-examination, which will be applied to the Library Fund. A second failure will mean that the subject will have to be taken over in class in order to get credit for it.

6. Within six weeks after the opening of the first semester a report on each student's progress will be sent to the parent or guardian. Further monthly reports will be sent only in cases where they are requested. A term report will be sent at the end of each semester giving final grades for the semester.

The friendly co-operation of the parents in helping to keep each student's grades up to the highest possible point is earnestly sought. A kindly word of encouragement from home will often work wonders with a student whose grades are too low.

7. Rooms will not be reserved for students until their registration fee of \$5.00 has been paid. Assignment of rooms will be made in the order in which the registrations are received. All rooms are designed to ac-

commodate two students. No student is allowed to transfer from one room to another without permission from the Supervisor.

8. Proper and manly deportment in the dining hall will be required. The Matron will be in charge and all students will be subject to her directions during the meal hour.

9. Parents and friends desiring to call on students or faculty members will be welcomed to the College dining room for one meal, as guests of the College. But those desiring to make a visit covering a period of two or more meals will be charged the nominal fee of fifty cents for each additional meal, or one dollar per day. Arrangement and settlement for such meals should be made with the Matron.

10. For the convenience of the students, the College will operate a Book and Supply store. It will be operated on a strictly cash basis. No exceptions can be made to this rule, except by special arrangement with the parent or guardian. Student accounts will not be run.

11. Students furnish their own bed clothes, toilet articles and table napkins. We recommend that the following articles be brought: Two double sheets, two pillow cases (medium size), blankets and covers sufficient for warmth, at least four bath towels, necessary toilet articles, and four linen table napkins. All washable articles should be carefully marked to avoid losing in laundry. Each student will make his own arrangement for laundry service. Clothes may be sent to a good steam laundry. The agent will call at the rooms for packages. Or there are a number of colored laundresses in the community who will send for and return the clothes.

APPLICATION FOR ADMISSION

TO

PRESBYTERIAN JUNIOR COLLEGE FOR MEN

MAXTON, N. C.

I hereby make application for admission of my son or ward to the Presbyterian Junior College for Men for the school year beginning September 10, 1930, subject to the provisions and regulations published in your Bulletin of April, 1930.

I am enclosing herewith \$5.00 deposit for room reservation, which is to be credited on the total expenses for the year.

I request that blank form for my son's high school record be sent to

.....
(Name and address of principal of high school)

Full name of son or ward.....

Date of birth

Church affiliation or preference.....

Is he a high school graduate?.....

If still in high school, what grade has he completed?.....

Condition of his health.....

Has he been vaccinated for smallpox?..... For typhoid?.....

Does he make satisfactory progress in his school work?.....

(Signed).....

Father, Mother or Guardian.

Date.....

Address.....
